PROFESSIONAL SUMMARY

I'm a software developer with a knack for bringing fresh energy to tech projects. I'm all about solving puzzles, keeping up with new tech trends, and turning challenges into successes. Always learning, always adapting, and always ready to dive into the next project with enthusiasm.

EXPERIENCE

Short-Term Consultation - Vancouver, WA
Application Inventor, June 2022 - Current
Artificial intelligence, Mobile apps, Securities trading platform. See Selected Projects sidebar and twadeclark.com for details.

Answers Etc - Vancouver, WA
Senior Software Developer, July 2010 - June 2022
Spearheaded the development of a VB .NET installer, enhancing web product deployment. Revitalized legacy VB6 applications. Crafted a C#, SQL Server-driven reporting app to streamline billing and resource management, boosting operational efficiency.

Oskar Systems - Seattle, WA
Software Developer / Account Manager, Feb 2008 - July 2010
Led development of key C#, SQL Server Windows applications. Tailored solutions to client specifications, managed SAAS/software deployments, and elevated customer experience with hands-on training and support.

CRAWL Magazine - Tacoma, WA
Owner, VP Sales, Aug 2005 - Feb 2008
Founded and scaled a niche magazine, overseeing sales, customer engagement, and content. Enhanced brand reach through trade shows and an industry e-newsletter, bolstering visibility and community engagement.

Earlier Career Summary:

Vianeta Communications: Guided software installations for healthcare providers, extending into ongoing account management, ensuring client success.

eGain Communications: As a Sales Engineer, designed a comprehensive demo environment, enhancing pre-sales effectiveness. As a Professional Services Software Developer, led custom post-sales software projects, ensuring seamless SAAS deployments and transitions to support teams.

EDUCATION

California State University, Chico
Majors: **Computer Science, Economics**
Degree incomplete. Recruited by eGain Communications.
